ABOUT

Springbrook Behavioral Health is proud to present the Fourth Annual National Converge Autism Summit on April 23rd through April 24th, 2020 in Downtown Greenville, South Carolina.

This summit is dedicated to all the unsung heroes who fight and search every day for answers and support. There is nothing that makes providers, teachers, therapists, and parents feel more helpless than not being able to communicate or respond effectively when a child or adolescent with autism is acting out or exhibiting maladaptive behaviors. Converge is dedicated to providing an educational forum to help further competency, understanding, research, and support to help those involved with children and adolescents with autism, and improve the quality of life for the individual and their families.

Our speakers represent a variety of fields including Adolescent Therapy, Advocacy, Behavioral Analysis, Special Education, Family Therapy, and Youth Psychiatry. There will be separate tracks tailored to parents, professionals, and educators.

LOCATION

The summit is located at the Greenville Convention Center
(1 Exposition Dr. Greenville, SC).

We are looking to partner with local hotels in the area to provide hotel accommodations at a discounted rate to attendees. Information will be posted on our website about hotel partners as it is available! Please contact us via the avenues listed below for more information.
